Thompson Valley Naturopathic Clinic Inc: Statement of Acknowledgement

Welcome to Thompson Valley Naturopathic Clinic! We are honoured that you have chosen us in your search for optimal health and wellness!

Persons seeking care in our office should understand that Doctors of Naturopathic Medicine are **NOT** Medical Doctors. As such, assessment, diagnosis and treatment of your health concerns may not be typical. If standard medical diagnosis or treatment is required, it must be obtained from a licensed medical doctor.

Naturopathic Medicine uses non-invasive methods for the assessment and treatment of bodily dysfunctions. Naturopathic Medicine emphasises the removal of the underlying cause of disease as opposed to short term alleviation of symptoms. Therefore treatment is usually more detailed and requires longer term commitment and lifestyle change. We ask that each person read, in detail, the following document and ask any questions that he/she may have before treatment is rendered. Your signature acknowledges the following:

1. You understand that Dr. Beach, Dr. Bostock and Dr. Brogan are Naturopathic Doctors, not medical doctors, who work within the Naturopathic scope of practice, and employ some methods which are not orthodox medical practice. If you have any questions regarding the Naturopathic Scope of Practice, please ask.

2. You understand that treatment here and/or referral to other health care practitioners is based upon the assessment of conditions revealed through your personal history and interview, physical assessment, and laboratory testing (where appropriate).

3. While changes in dietary habits are not a prerequisite for treatment, you understand that failure to follow sound nutritional and exercise programs could undermine the expected results.

4. You are not an agent of any private, local, county, provincial or federal agency attempting to gather information without so stating your intentions.

5. You accept full responsibility for any fees incurred during care and treatment, and you agree to fully discharge this responsibility **at the time of your visit,** unless prior arrangements have been made. You also acknowledge that we have a **48 hour cancellation policy** and reserve the right to **charge full cost** of the visit for missed appointments, or if insufficient time is given for cancellations.

6. You are accepting/rejecting this care of your own free will and choice. If you have any questions about the treatments suggested, please ask.

7. You understand that you have asked Dr. Beach, Dr. Bostock or Dr. Brogan of Thompson Valley Naturopathic Clinic for help and that they will help to the best of their ability.

8. If you are under the age of 18 years old, we require the signature of your parent or guardian.

I, _____ have read, understood and acknowledge the above statements.
